Redesign jQuery UI datepicker
#5713 @pixelipo

Why Nextcloud?

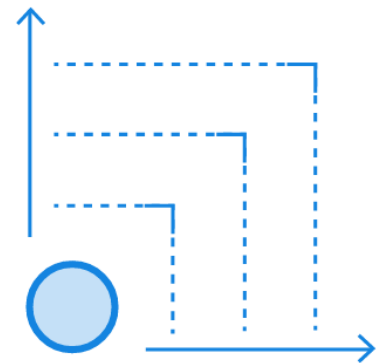

Privacy

Keep all of your life / business private and secure on a server you control. Share with only who you choose, and no-one else.

Community

Enjoy constant improvements from a thriving and transparent, all open-source community development model, free of lockins or paywalls.

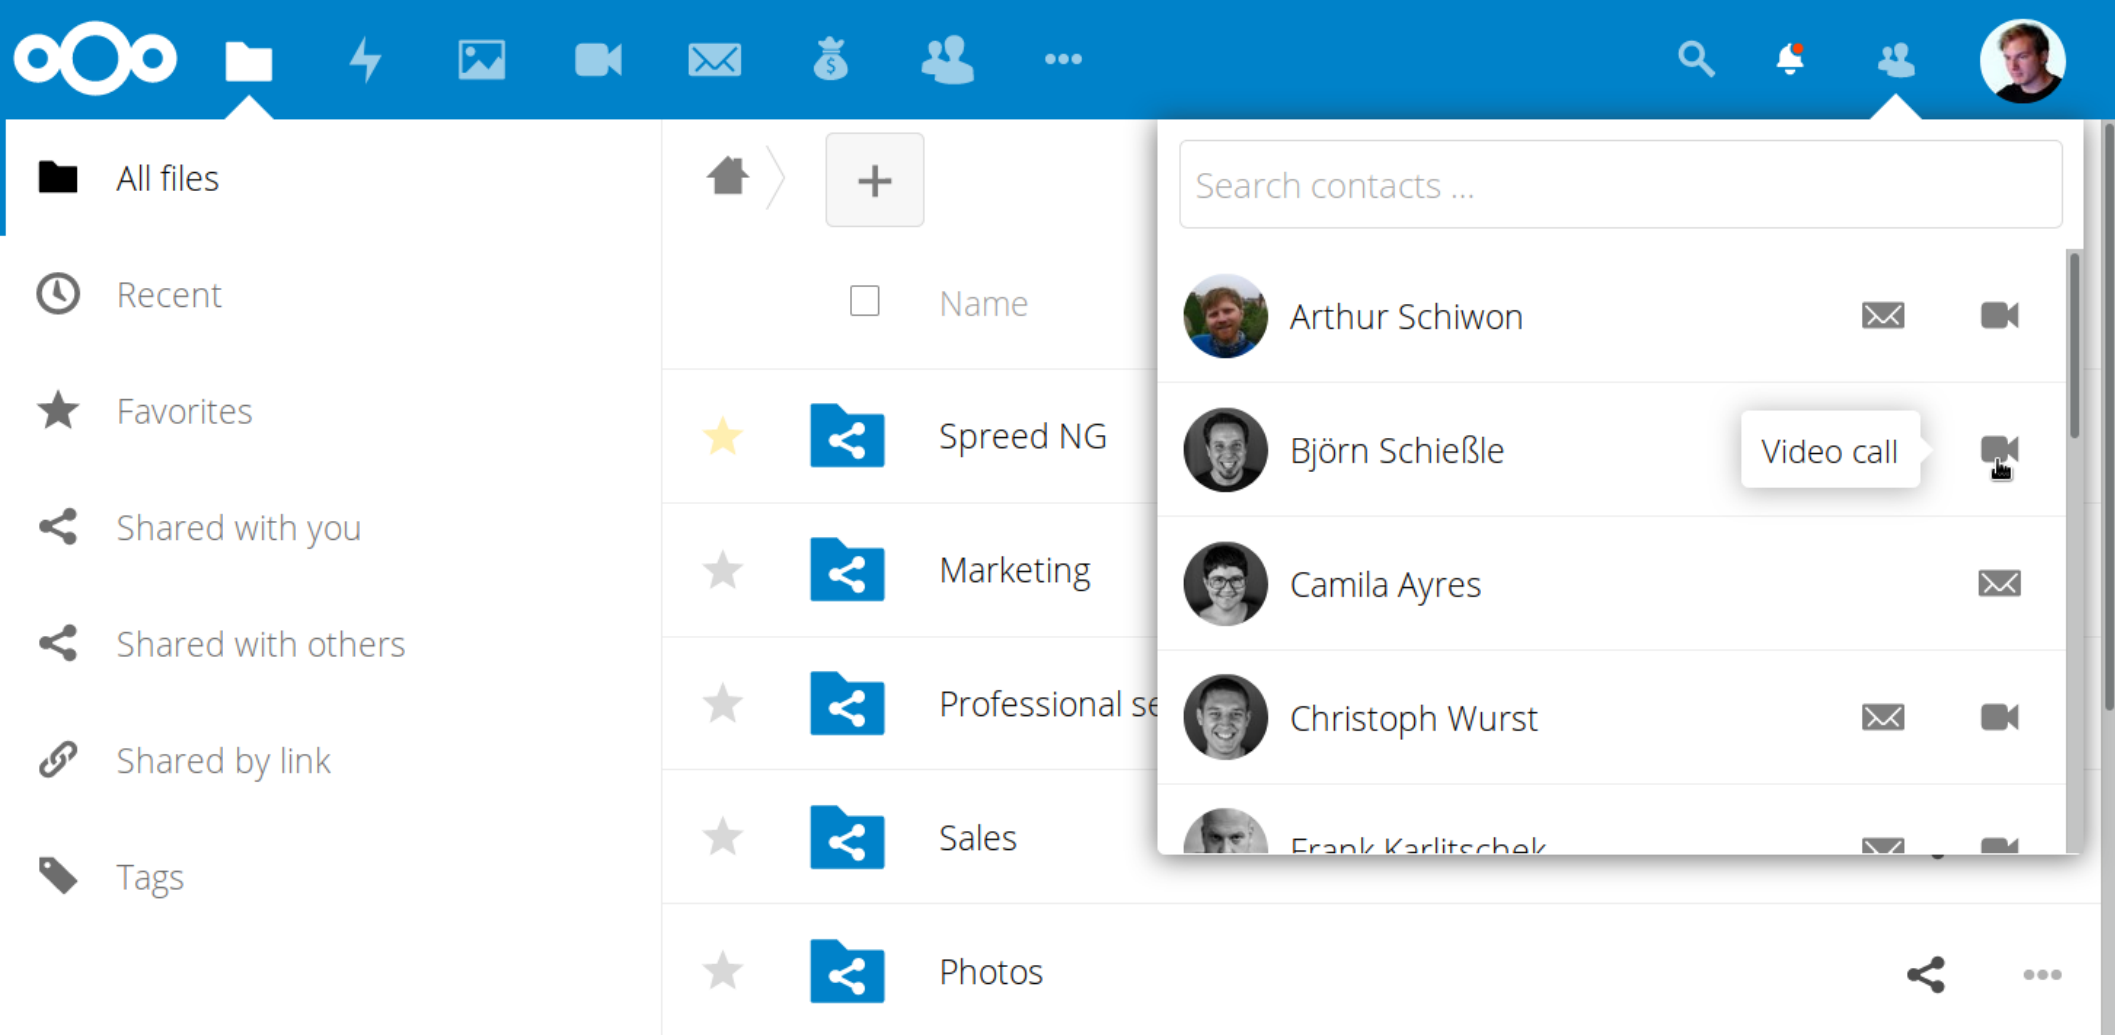

Enterprise

Protect, control and scale the data and communication in your company and organization. Keep data where it is, making it available to your teams.
